NOTICE.

Sealed Tenders, endorsed "Tender for Flour," will be received by the Indian Commissioner for Manitoba and the Northwest Territories up to noon of Friday, 20th of September, 1889, for the delivery of flour, in double sacks, to contain 40 pounds net; outer sack to be of jute, and to weigh fourteen ounces—in the storehouses at the different agencies, of a similar standard to that now being supplied, a sample of which may be seen at the head office, Regina, or any agency in the Territories. Tenders to state upon what agency sample they are tendering:—

Duck Lake.....	55 Sacks.
Carlton.....	50 "
Battleford.....	50 "
Union Lake.....	50 "
Saddle Lake.....	50 "
Edmonton.....	50 "
Peace Hills.....	50 "

Provided always the above quantities may be increased or decreased by the Commissioner, and no tender need necessarily be accepted.

An accepted cheque or money for five per cent of the amount of tender must accompany it, to be forfeited on declining to enter into a contract, or on failure to satisfactorily complete an agreement, if entered into.

Each tender should, in addition to the signature of the tenderer, contain the signatures of two good sureties for the performance of the contract.

Forms of tender may be had on application to the Regina office.

Tenders for this District will be received by the Indian Agent, Duck Lake, up to 17th September, from whom forms can be obtained.

HAYTER REED,
Indian Commissioner.
Regina, August 26, 1889.

TELEGRAPHIC. CHIT-CHAT LOCALS.

(By Special Telegraph.)

SHOAL LAKE, August 10.—The whole north side of the town was destroyed by fire to-night. The fire broke out in the stables of the Grand Union Hotel, and spread with great rapidity, there being a very high west wind blowing. Nearly all the principal business places are in ruins. The insurance is generally light, or nothing. R. Cott was severely injured in the head while moving goods.

RAPID CITY, August 10.—Albert Basler, a boy 15 years old, accidentally discharged a gun, the charge lodging in the left side of Charlie Ross, a boy 12 years old. The unfortunate boy died after a day and night of great agony.

OTTAWA, August 9.—Prince Arthur, Duke of Connaught, will return from India next March, via the C.P.R.

The Central Canada Fair was opened to-day by Hon. John Carling, Minister of Agriculture. His speech referred to the advantages of having Experimental Farms; to the importance of growing barley by improved methods; to dairying; to the Experimental Farm tests of Loda wheat, which was shown to ripen in the Northwest Territories ten or twelve days earlier than Red Fyfe.

MONTREAL, August 9.—T. G. Shaughnessy, Assist. Gen. Manager of the C. P. R., has been appointed Asst.-President. He leaves for England to-day to contract for three steamers, 5,500 tons, to steam 18 knots, for the China and Japan mail service. They will cost \$1,000,000 each and will be ready in eighteen months.

LONDON, August 9.—The race on the Thames between Wm. O'Connor, of Toronto, champion of America, and Searle, the Australian champion, for the championship of the world, was rowed to-day over a course four miles three furlongs, and was won by Searle by six boat's lengths. Time, 22:42; the fastest on record.

NEW YORK, Sept. 10.—Congressman S. S. Cox, better known by the nickname Sunset Cox, a distinguished politician and author of several popular works, died this evening.

E. D. Mann, editor of Town Topics, was arraigned in court to-day, on a charge of criminal libel by stating in his paper that Dr. Allan McLean Hamilton's father, the late Philip Hamilton, had two wives and two sets of children. Mann declined to plead at present and was committed to the toms.

WINNIPEG, Sept. 11.—Daniel McLean, the representative of Dennis county, Man., in the Local Legislature, was sworn in to-day as Provincial secretary, filling the vacancy in the Cabinet caused by the resignation of the Hon. Mr. Pendergast.

Judge Falconbridge gave judgement to-day in the Haldimand election trial, unseating Colter on the ground of corrupt practice with the sanction of the respondent.

CALGARY, Sept. 10.—Owing to a heavy rain and light snow storm the track was not in shape for the horse races yesterday, so they had to be postponed until Friday and Saturday.

QUEBEC, Sept. 11.—The Governor-General and party leave here to-night, en route to British Columbia.

ST. THOMAS, Sept. 11.—Mrs. Bosta Rony, a widow forty-five years of age and eleven years in widowhood, has entered suit against Samuel Hunt for seduction, claiming \$5,000 damages.

WINNIPEG, Sept. 9.—Hon. Mackenzie Bowell, Minister of Customs, arrived from Ottawa to-day. He will re-arrange the duties of the Customs' officers here, and then go to Killarney and drive along the boundary line to Macleod.

WASHINGTON, Sept. 11.—The most violent storm which has ever prevailed on the New England middle Atlantic coast still continues from Cape Hatteras to Maine. News is being received of innumerable shipwrecks.

QU'APPELLE, Sept. 11.—Hartley Gibson, District Superintendent of the Government Telegraph Service, left to-day on a tour of inspection. He will go as far as Edmonton.

Gathered by our Reporters.

J. L. Johnson, hardware merchant, is home from Sandy Lake.

Mr. E. J. Cann, will return from his northern trip on Saturday.

The classes at Emmanuel College have been commenced, and are progressing favorably.

J. McKay, of the N.W.M.P., is erecting a handsome new residence in the West end.

William Irvine has started burning lime in his kiln on the river bank opposite the town.

Rev. Canon Flett has left on an extended tour of inspection of the several schools in the Saskatchewan District.

Mr. Hartly Gibson, Supt. of Government Telegraphs in the North West, will pay this town a visit about Sept. 17th.

Mr. Chas. Mair and family, who have been camping on pre-historic ground at Sandy Lake, will return home Saturday.

A cool and refreshing drink can be had at Jackson's drug store. Cream soda, from the fountain, only ten cents per glass.

Mr. Bruce Sproat and bride, late of Prince Albert, are enjoying the beauties of camp life on Muskoka Lake in Ontario.

A Winnipeg employment agent advertises for 400 laborers, teamsters, track men &c. for the Regina, Saskatoon & Prince Albert R.R.

Mr. Noel, of Batouche, who relieved our popular young telegraph operator, during the latter's holidays, has returned to his home.

Travellers arriving in town report the trail between here and Troy as literally black with freighers and their loads, bound to Prince Albert.

D. H. Macdowall, M.P., will arrive from Qu'Appelle on Monday, accompanied by Mrs. Macdowall and family, who will pass the winter amongst us.

Why buy your Groceries from F. C. Baker? Because they are cheaper and fresher than any other place in town. He receives new goods every week.

Mr. J. Sanderson has decided to erect a new saw mill, and has the material for the new structure on the ground. The location has been changed a short distance east of the mill.

Attention is now being directed towards some effectual means of preventing prairie fires, and we would be glad to publish any suggestions from scientists, old timers or any others in our midst on this important question.

Steps are being taken in several of the Territorial towns towards organizing companies of Militia. There is an abundance of material—good material too—a fact already clearly demonstrated, in our midst for a company or even a regiment if necessary.

Colonel Sproat who went East some months ago to recruit his health, is expected to arrive home shortly. We are sure the many friends of the gallant Col. throughout this district and in others also will be pleased to learn of his complete restoration to health.

Mr. Poston, D.L.S., accompanied by the Assistant Indian Commissioner, Mr. Forget, started on Thursday morning to survey Indian Reserves in the new treaty district at Montreal Lake. Mr. Forget goes to pay the annuities to the newly made "wards of the nation."

Mr. J. M. Campbell has arrived from Troy, bringing two passengers with him. Miss Jessie Hill, who returns to resume her duties as arts and music teacher at the Nisbet Academy; and Miss Brown, of Scotland, who is to wed one of the lonely bachelors of this district.

ADVICE TO MOTHERS.
Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of **MRS. WISLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING.** It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. **MRS. WISLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING** is pleasant to the taste, and is the prescription of one of the oldest and best female nursing and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c a bottle.

THIS PAPER may be found on file at GEO. P. ROWELL & Co.'s Newspaper Advertising Bureau, 10 Spruce Street, where advertising contracts may be made for in **NEW YORK.**

FRIDAY, SEPT. 13, 1889.

We believe the Legislative Assembly has been called to meet at Regina early in October. Although there may not be very much entirely new legislation of a public nature to deal with, yet the members will find plenty to occupy their time with while there. There are several of the Revised Ordinances which require a good deal of trimming up, more particularly that "Respecting Municipalities." The gentlemen who passed this Ordinance appear to have taken a great deal of it from the Ontario Act, and do not appear to have been altogether as careful in their work as they should have been. They might have incorporated a great deal more of the Ontario statutes without doing any harm. But now that the Ordinance referred to has been in operation for a year, the members should, by consulting municipal officers who have had to work under it, be in a position to remedy the defects therein. The "Interpretation Ordinance," too, might very properly receive some attention at their hands; there are clauses in it which the legislators appear to have studied how they could conceal their meaning in a cloud of verbiage, and we think they succeeded admirably in doing so. Some sections in the Ordinance referred to, we venture to say, would puzzle the "Law officers of the Crown." A great deal of useless legislation would be avoided if Legislatures would endeavor to express themselves in plain English that all could understand, and surely the English language is comprehensive enough to enable that to be done. With reference to the present School Ordinance, we think it should be wiped out of the Statute Book altogether. It has stood there too long already. An altogether new Ordinance should be passed. The two Boards of Education and two sets of School Inspectors should be done away with as well as Separate Schools and one set of text books—approved by the Legislature—should be authorized for use in all Public Schools and the school grant should be withdrawn from any school using any other. These are a few of the subjects that occur to us at present as requiring to be dealt with, and

we believe that they affect the welfare—present and future—of the country, and should receive the most careful attention.

Our town was this week honored by a visit from Mr. A. M. Burgess, Deputy Minister of the Interior, and Mr. E. Deville, Surveyor-General. We had seen rumors in the eastern papers for some time that Mr. Burgess was coming, but what has been the object of his visit we have so far been unable to learn. We think it is a mistake for men occupying such high public offices as Mr. Burgess does, to take up their quarters on coming to a place like this where they make themselves practically inaccessible to the people. Of course it is all right if they come simply as private individuals. But if they come in their official capacity, as we have reason to believe Mr. Burgess did in this case, then they should make it known that for a certain time each day they would meet any one having business with them at some public place. We have heard many persons enquiring after the Deputy Minister during his visit, and who were anxious to see to him on land and other matters, but were unable to do so. We regret very much to have any fault to find with the Deputy Minister, because there is perhaps no better departmental officer at Ottawa, nor any who has worked harder to settle matters to the satisfaction and advantage of the people of the Northwest.

Work on the Q. L. L. and S. railway is progressing rapidly. Mr. Holt expects to have one hundred miles graded this season, and most of it ironed. The surveyors are now at Saskatoon, and we believe it is their intention to work on locating the line in the direction of this town at once. Our despatches state that a station will be built every eighteen miles along the line; that will give ample facilities to farmers and others for shipping their produce, and will be found amply sufficient to meet the convenience of every one for some time to come. Track-laying has already commenced, and is to be prosecuted vigorously, and we have hopes before the end of October to hear of the iron horse on the South Saskatchewan, within ninety miles of Prince Albert.

Mr. F. C. Baker, who has just returned from Winnipeg, states that a great deal of enquiry is now being made about this town and the surrounding District, both by business men and farmers. He was interviewed by over one hundred people, all anxious to know about the country, and most of whom expressed their intention of coming to Prince Albert to settle in the spring. Mr. Baker thinks there will be a very large immigration to the Saskatchewan next summer, and he did not fail to lay the advantages that the District offers as a field for settlement before all with whom he came in contact.

Hon. Edgar Dewdney, Minister of the Interior, is now on an official tour over the territories, and is meeting with enthusiastic receptions in nearly all the towns along the C.P.R. west. Should Mr. Dewdney decide to honor our town with a visit we are sure our citizens would accord him a royal welcome unequalled even by the splendors of Darwinburg.

Calgary Herald:—"Mr. A. L. Sifton, late of Los Angeles, Cal., has been in town for a few days and is opening out an office for the practice of law." By the above it will be seen that Mr. Sifton, who left Prince Albert about a year ago to better his fortunes in the land of gold and fruit has again turned his eyes northwards. The Times would welcome Mr. Sifton back to this town, and hopes in the near future to have him once more living in our midst.

Inspector Norman, whose enlistment in the Force dates away back amongst the 70's, is now acting commanding officer at this post, and has become very popular with the citizens as well as the members of the Police Force since his arrival here. Mr. Norman has been stationed at nearly every post in the Territories, but prefers Prince Albert to any other.

The recent heavy rains which have so providentially fallen at this time, will be of great benefit to the country, filling up the rivers and small lakes, which had become well nigh dry in consequence of the prolonged drought. It will also do an immense amount of good by putting the soil in fine condition to receive and nourish the next season's crop.

T. O. DAVIS

TERRITORIAL NEWS

BATTLEFORD.

From the Herald, August 28.

A person just in from the Snake Plains reserves, north of Carlton, says the Indians have lost a great deal of hay by fire, and that, not only has everything on the surface been consumed, but the hogs and muskies themselves are on fire and have burned the soil for a depth of several feet.

An interesting ceremony will be performed this afternoon at the Industrial School, at the laying of the corner stone of the girl's department. The ceremony will take place at 3 o'clock, and an invitation is given to the citizens generally to attend.

A detachment of about forty mounted policemen from this post will pull out for Regina to-morrow morning, to take part in the grand demonstration to be made by "the riders of the plains" on the occasion of the Governor General's visit to Regina. The troop will be under the command of Insp. Chalmers.

At a meeting of the council of the Rifle Association held on Monday evening it was decided to postpone the holding of the annual meeting to the 26th, 27th and 28th of September. This conclusion was arrived at because of the large number of competitors who would be absent in consequence of the trip of the Mounted Police to Regina. So many of the police are active members of the association that their absence would lessen the interests of the meeting by reducing the number of competitors and diminishing the receipts at the range, which go to supplement the prizes.

EDMONTON.

From the Bulletin, August 24.

Rainfall for the past week a little over half an inch.

Wild black currants are abundant and of excellent quality.

Sergt. Little and Chas. Henderson, of Fort Saskatchewan, killed 125 ducks in one day, this week.

Some time ago a petroleum find was reported from a point on the Battle river about 40 miles below the Battle river settlement. Samples of the article found oozing from the banks of a creek near where it emptied into the Battle river was shown to R. G. McCounell, of the geological survey, who was then at Edmonton, and pronounced petroleum by him.

Harvesting is treading hard on the heels of haying this year. The former is not yet quite completed and the latter is already begun. Oats and barley cutting has been going on generally this week and wheat will be general next week. Several farmers claim a prospective yield of forty bushels of wheat and few go under twenty. The grain is ripening fully, and has not had the least touch of frost. Consequently the sample is excellent.

REGINA.

From the Leader, Sept. 3.

Steps are being taken to organize a militia company in Regina.

A meeting was held last night in the Methodist Church to organize a branch of the society of Christian Endeavor.

A stable belonging to Capt. Allan, barracks, Regina, was burned to the ground on Saturday night. The men succeeded in putting out the fire, before it did further damage.

Insp. Williams went east last week to be present at the ceremony of unveiling the statue of Col. Williams, at Port Hope on Sept. 4th. The memorial will be unveiled by Sir John Macdonald.

Progress is being made with the Industrial school, although, as a visit shows, it is a big undertaking. The front portion of the building is 180 ft. long by 36 ft. 8 in. wide, and in the rear of this is a wing 73 ft. by 36 ft. 8 in. The walls are 8 ft. high. There will be two storeys and a 9-foot basement extending the whole size of the building. In the basement will be placed seven large furnaces to heat the building on the Smead-Dowd system. The large air chamber and draughts of this elaborate system of heating and ventilating can already be seen within the massive walls, which are now high enough to be seen from town.

CALGARY.

From the Tribune, August 28.

We understand that grain samples are being brought in to be forwarded to the

eastern exhibitions. The C. P. R. will give free transport to exhibits and grant a pass to a man to accompany them to the different exhibitions in the east.

One day last week as Mr. Leeman and Mr. J. L. Sparrow were crossing the Bow river near the Government farm Mr. Leeman had a very narrow escape from drowning. It seems that on the first attempt to cross the river Mr. Leeman's horse, which was leading, turned around and made for shore. Mr. Sparrow then took the lead, with Mr. Leeman following, but when Mr. Sparrow reached the opposite shore and turned around to look for his companion not a trace of him was observable till at last he saw him rise in the river in a seemingly exhausted state. Mr. Sparrow again plunged his horse into the stream and with great difficulty succeeded in getting his companion ashore, utterly exhausted and speechless, but still alive. He was taken to the Government farm where restoratives were applied and he soon recovered and was able to relate that when in about midstream his horse lay down and rolled over, and he was unable to extricate himself till he was too much exhausted to be able to assist himself.

LETHBRIDGE.

From the News, August 28.

The person who took the string from the flange at the rifle butts is requested to return the same without delay and thereby save further trouble.

A lot of coal miners are wanted to work immediately. Steady work through the winter and on for two years. Powder, oil, etc., and house provided.

Some children set fire to the manure heap outside of E. C. Miller's stable on Monday, and a serious fire was only prevented by the timely arrival of assistance. The fire was burning within a few feet of a large hay stack, and in a short time more the whole place would have gone.

We are well aware that there is among our readers, a feeling of not unnatural disappointment that we have not been able to give them the definite information, in regard to the proposed southern extension, that was expected to be made public on Mr. Galt's return from England. All we have been given to understand is that the company has not succeeded, and has not failed; and we, and our readers, must draw our own conclusions. Mr. Galt has, no doubt, good private reasons for his reticence on the subject.

MOOSE JAW.

From the Times, August 30.

Sheriff Benson was in town on Monday on business.

Over sixty binders were sold by the local implement agents here this season. The supply was not equal to the demand when harvest started. A binder had to be sent for to come by express.

A large number of the farmers in this district have finished harvesting, and the number of large stacks of grain seen through the country is evidence enough of the bountiful harvest. The crop has all been saved in first class shape, the only loss being from the grain shelling out before it could be cut. The berry is said to be so large and plump, that even in cutting the binders threshed out large quantities of it.

MEDICINE HAT.

From the Times, August 29.

Quite a number of German settlers were in town on Tuesday.

School was dismissed at noon last Thursday to give the pupils an opportunity of attending the Sunday school picnic.

Mr. D. Scissons, of Hargrave & Scissons, left on Monday for Carlton. He goes by rail to Troy, from there he will drive to his destination.

Mr. Pierce, Supt. of Mines, was on No. 1, Wednesday. He was returning from the Coteau district, south of Moose Jaw, where he had been examining lands rejected by the C.P.R. He says the lands referred to are very rough and stony though the soil is good.

The rich coal fields of the South Saskatchewan have been known for several years though as yet they remain almost wholly unexplored. In travelling either up or down the river from Medicine Hat, layers of coal are observed in the cut banks, and it is from these croppings that nearly all the information about our coal has been obtained. In these banks between the prairie level and the river level, two workable seams, one seven feet in thickness, the other four and one half feet, with several smaller seams have been found.

FALL MEETING

Of the Saskatchewan Provincial Rifle Association.

The Fall Meeting of the S. P. R. Association will be held on the association's new range, across the river, on Friday afternoon next, 20th inst., commencing at 1 o'clock sharp. This will be the first meeting that has been held on this range and the first practices on it begin to-morrow afternoon. The meeting will be mainly for the young shots and those who have never previously won a prize of \$1 or upwards. Sheriff Hughes has kindly given a special prize of \$5 for the first prize in the Consolation Match.

THE NURSERY MATCH.

This match is open to members of the association who have not at any previous prize meeting of the S. P. R. A. won a prize valued at \$4 or upwards, exclusive of team or extra prizes. Entrance fee, including ammunition, 50c; range, 200 and 400 yards; rifle, Snider; rounds, 5, at each range; position, any with head to target. The prizes are seven in number, amounting to \$20 cash.

CONSOLATION MATCH.

The prizes in this match are eight in number, amounting to \$21 in cash; the first being a special of \$5 given by Mr. Sheriff Hughes. Members eligible to shoot in this match are those who did not take a prize of any kind at the annual meeting on August 1st, 2nd and 3rd of this year. Entrance fee, including ammunition, 25c; range, 400 yards; rifle, Snider; position any, with head to target. rounds, five.

TEAM MATCH.

On Saturday afternoon, 21st inst., a team match against the Rideau Club, of Ottawa, will be shot off at 200, 500 and 600 yards, five shots at each range. Our local association team was defeated by thirteen points in their last match with the Rideau Club, and it is to be hoped the S. P. R. A. will be able to get their best men together this time and retrieve their laurels. Three of the best men, who would likely be on the team, are at Regina at present. The association gives \$6 in prizes to those in the team making the three highest aggregate scores.

Special practices will be held on the new range, across the river, to-morrow, 14th, Wednesday, 18th, and Saturday, 21st, in the afternoons.

TELEGRAPHIC.

LEWISDALE, Sept. 11.—The crews of seventeen wrecked vessels are at the Virden House being cared for. A three-masted schooner is ashore outside the inner bar, and is fast going to pieces, with a crew of ten men clinging to the rigging. No human power can save the sailors.

REGINA, Sept. 11.—Mr. Holt, contractor for the Q. L. L. & S. R., received from the east the plans of the stations to be built on the road. They will be erected every eighteen miles.

There are now at work on the road from 800 to 1,000 men and about 500 teams. In less than a week forty miles of grading will be finished and tracklaying was commenced yesterday. Twenty miles of rails have already arrived, or are on the road between here and Winnipeg. Mr. Holt says he expects to have 100 miles of grading completed this season. One hundred men are now at work repairing the old line. One train is now on the road and is continually running between Regina and the end of the track. As soon as track laying is in full swing two or three trains will be required.

BATTLEFORD, Sept. 13.—H. H. Millie's Jewellery establishment and its contents were destroyed by fire last evening. The loss is total. Insurance light.

Mr. T. McKay had the good fortune to capture two beautiful white swans recently. They have been placed in the hands of Mr. T. N. Campbell, a well known local taxidermist, to be dressed and mounted. They are beauties, stand fully four high, and measure five feet from tip to tip of wing.

Mr. F. C. Baker, one of Prince Albert's prominent and successful young business men, who went east some three weeks ago, has returned to town with his bride. Mr. Baker was married by Rev. Father Ouellette in St. Mary's Cathedral, Winnipeg, on the 2nd inst., to Miss Cunningham, of Kingston, sister of Mrs. Judge McGuire. We have much pleasure in extending our congratulations to the genial Fred and Mrs. Baker, and wish them many years of unalloyed happiness.

TO THE DEAF.—A person cured of Deafness and notices in the head of 29 years standing by simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 30 St. John street, Montreal.

DUCK LAKE.

A. E. Forget, Assistant Indian Commissioner, arrived here on Sunday last and left for Prince Albert on Monday. He reports everything quiet in the Territories. Mr. Forget is on his way to Montreal Lake.

Quite a number of our people have gone to Regina to work on the Q. L. L. & S. Ry.

Mr. H. Mitchell, M.L.A., has given a number of special prizes to the Central Saskatchewan Agricultural Society, which takes place at Saskatoon on Oct. 2nd. Bishop Grandin spent Wednesday and Thursday here, and left for Prince Albert. Mr. Garrison, of Clark's Crossing, will bring his threshing machine here next week, and afterwards go to Carlton.

The first good rain of the season fell on Monday night and Tuesday, and the first heavy frost on Wednesday night.

Dr. Stewart made a visit of the diocesan reserves this week and found a number of cases.

J. McKenzie, our miller, is putting the mill in thorough repair. He expects to get it running in about a month.

The South Branch is so low that teamsters are finding it difficult to cross.

A number more of families have returned from Dakota and Montana, who left here in 1885. They report times very hard over there, and say a great many more will come back as soon as they can dispose of their stock and what little crop they have.

The Battleford Herald says a number have left here for that place. That is not correct. Two stock owners went to Jackfish Lake to see what the hay prospects were, and one has returned, claiming we are better off here.

The Q. L. L. & S. R. survey party arrived at Saskatoon this morning, and camped near the ferry crossing.

LOCAL NEWS.

Harry Peard has another large kiln, of 200,000 brick, burning.

A. E. Forget, Assist. Indian Commissioner, arrived on Monday.

C. Daumais, of Battleford, arrived this afternoon. He is here buying cattle for his contracts.

J. Lestock Reid, D.L.S., who is working near St. Laurent, came in on the stage on Monday.

H. J. Montgomery, wife and family, who have been here for the past few weeks on a visit, returned home to Battleford on Monday.

At the Queen's—Thos. Ross, M. A., of Edinburgh, Scot., who is to take charge of the Macdowall school; E. Devine, of Ottawa; H. E. Hume, of Ottawa.

We are pleased to note this week that Mr. Dufresne, D.L.S., who was so dangerously ill last week, from blood poisoning, is much better and constantly improving.

Rev. Mother Collings, who has been away for the past two months visiting the different convents of the Faithful Companions of Jesus, returned home on Saturday.

On Monday night we had the heaviest frost so far this season, and on Thursday a heavy flurry of snow was falling all afternoon, but it melted as soon as it touched the ground.

One good result accomplished by the recent rains in this district, has been to extinguish the large forest and prairie fires, which were raging on all sides of the town. The atmosphere is now clear of smoke and we breathe freely once more.

Mr. H. Mitchell, M.L.A., came in today from Duck Lake. After spending a day or two here, Mr. Mitchell will leave for Regina to be present at a meeting of the Advisory Board of the Legislative Assembly, and also to take part in the Governor-General's reception.

Archbishop Grandin of St. Albert spent a few days in town this week; the flags on the Convent were hoisted on Sunday, in honor of the distinguished prelate's presence. His Grace has just returned from Winnipeg, whither he went to attend the Catholic council recently held there.

We are pleased to learn that work on another twenty-five miles of the M. & N. W. R. has been commenced and will be completed this fall, thus bringing that road within 180 miles of Prince Albert—a distance which two or three months good lively railroading would annihilate.

We are pleased to find that considerable interest is taken in the proposal made by THE TIMES to start a subscription towards a monument in honor of the late Hon. John Norquay. A large number of subscriptions have already been sent in to those appointed to receive them.

THE ODELL
TYPE WRITER
\$15 will buy the ODELL
TYPE WRITER.

Warranted to do as good work as any \$100 machine. It combines SIMPLICITY with DURABILITY. SPEED, EASE OF OPERATION—wears longer without cost of repairs than any other machine, has no ink ribbon to bother the operator. It is neat, substantial, nickel plated, perfect, and adapted to all kinds of type writing. Like a printing press, it produces sharp, clean, legible Manuscripts. Two to ten copies can be produced at once writing. Editors, lawyers, ministers, bankers, merchants, manufacturers, business men, etc., cannot make a better investment for \$15. Any intelligent person in a week can become a GOOD OPERATOR of a RAPID ONE in two months.

\$1,000 offered any operator who can do better work with a Type Writer than that produced by the ODELL.

Reliable agents and salesmen wanted. Special inducements to dealers. For pamphlet, giving endorsements, etc., address the

A GOOD FISH!

It is a trite saying, offered for the solace of discomfited lovers, that there are as good fish in the sea as were before caught therein, but this does not hold good in the case of

W. R. FISH,

The Merchant,

Who keeps a full line of General Goods at his establishment. He is the only Fish in this line of business, and can tell a good story of himself if necessary. This, however, does not prevent him from attending to his numerous customers. He is sure to please, as he has one of the best stocks in town. Call on him.
